RCoPB Services Committee - Rotary Year 2010-2011

COMMUNITY RELATIONS – COMREL

Project: USS MOMSEN (DDG 92) at WatSawangk Arrom School, Rawai, Phuket Province, Thailand.

Project Date: Tuesday 11 February 2011, 07:30 – 13:00, meet at the school around 08:30 – 09:00

COMREL Participants and Point of Contacts: Lt. Jasuja Vikas (MOM SUPPO) - USS MOMSEN - jasujavc@ddg92.navy.mil, it is estimated to complete this job we will need 10+ volunteers from the ship and 5-10 other volunteers from IBAP, RCoPB, and US Navy League.

Rotary Project Primary Contact / Report Author: Brad Kenny – esp pkt@ksc.th.com

Project Participating Volunteers: USS MOMSEN Sailors, Rotary Club of Patong Beach, US Navy League and IBAP (International Business Association Phuket).

Proposed Project Details and Objectives: WatSawangk Arrom School is a local school in Phuket under the Thailand Ministry of Education. This school is in the south of Phuket Island and has 400 students and 10 teachers from 3 -14 years old. This is a typical school located at a very nice Buddhist Temple, with the land for the school having been donated by the temple to build the school for the local residents. The School director request some work painting the cafeteria and the playground equipment. A previous COMREL was attempted by the USS Peleliu with some of the playground equipment painted and then we got rained out. So we hope to finish this job this time around with the USS Momsen. Following are photos of the work at hand. UPDATE: Due to a smaller number of volunteers from the ship we plan to accomplish only the playground equipment painting, RCOPB, IBAP and US NAVY League area also invited to join.
