## RCoPB Services Committee - Rotary Year 2010-2011

### COMMUNITY SERVICE – COMSERV

**Project:** USS Hopper (DDG 70) Phuket COMSERV at Muang Phuket School, Chalong, Phuket Province, Thailand.

**Project Dates:** 10 May 2011, 07:30 – 13:00, depart from the port around 08:00

**COMREL Participants and Point of Contacts:** USS Hopper (DDG 70), ENS Daniel Hemmer [ [hemmerd@ddg70.navy.mil](mailto:hemmerd@ddg70.navy.mil) ], it is estimated to complete this job we will need 20-30 volunteers from the ship and there will be other volunteers from RCoPB and US Navy League.

**Rotary Club of Patong Beach and US Navy League Project Primary Contacts:** Brad Kenny – [esp pkt@ksc.th.com](mailto:esp pkt@ksc.th.com), Mobile Phone: 081-6334279 and Keith MacKay [ [kmdelfina@yahoo.com](mailto:kmdelfina@yahoo.com) ], Local Mobile Phone: 083-105-0618 and at the school Mr. Montree Local Mobile Phone: 086-739-7310

**Report Author:** Brad Kenny – [ [esp pkt@ksc.th.com](mailto:esp pkt@ksc.th.com) ]

**Project Participating Volunteers:** USS Hopper Sailors, Rotary Club of Patong Beach, US Navy League.

**Proposed Project Details and Objectives:** The Muang Phuket School is a Thai Public School and with minimum budget, painting always seems to be the last thing or never happens. The OrBaTor (local elected government official) Mr. Samran Jindapol (Mobile Phone: 089-724 7187), through his primary contact at the school, Mr. Montree (Mobile Phone: 086-739 7310), would like to have the school gymnasium painted. The Gym is approximately 80'x 120'. They want to paint the four walls; the two longest walls are constructed of cement columns with steel fence between the columns. The lower part of the wall he wants painted a medium blue color and the upper columns to about 10 foot height is to be painted white. The galvanized fence is to be painted a good rust proof gray color.

The US Ronald Regan started this large painting job and now we believe that with one more COMSERV from the USS Hoper, this job can be completed. Here are some photos of this work:

The end walls of the gym also need painting and at one end is a stage, from the photo next page you can see the stage center is painted light green and they want this now painted light blue with white on both ends above the stage. And the other side wall has large entrance doors, so this shall be painted with the medium Blue color skirt and the rest up to 10 feet white. Photos following page.

Second part the school has requested is to paint the outside school boundary fences on the entrance front side of the school. The cement columns and beams are to be painted same white as they are now.

**Additional Information:** The Thai public schools are out for their summer break and return May 15<sup>th</sup>. COMREL volunteers will get a free Thai lunch made by the school staff and children's parents. The school will also try to provide some entertainment from the children with some singing and/or Thai Traditional Dancing after the painting is completed. There will also be an opportunity to play some soccer after the lunch. This is a holiday for the school but Mr. Montree will try to have some school children come in for this COMSERVE all three days.

**What to Bring:** The weather is hot and muggy this time of the year in Phuket and there is a chance of rain of course. If the USS Hopper COMREL coordinators can arrange to bring some water and coolers for your volunteers during the work period. Sun screen is also needed for those painting outdoors. Suggest all ComRel participants also bring their cameras.

**Estimated Budget for this Project:** The sponsor for this project will be Glenn Defense Marine who is the Husbanding contractor for the US Navy in Thailand. The US Navy League and Rotary Club shall provide ladders and tools for cleaning and paint prep. The following is the expected budget for this project. The Rotary Club of Patong Beach President Mark Pendlebury will provide for the lunch.

Item	Item Description	Size	Qty.	Est. Unit Cost	Total Cost
1	TOA Extrashield Paint, Color Code 7336 (Calm Day) This darker blue is for the wall skirt painting.	2.5 Gallon	1	1,490	1,490
2	Paint Brush 2 inch	2 inch	15	35	525
3	Paint Brush 4 inch	4 inch	10	49	490
4	Masking Tape 2 inch	Roll	10	42	420
<b>Glen Defense Marine TOTAL</b>					<b>2,925.00</b>

NOTE: Left over paint, and drop cloths will be reused for this project. Navy to provide Gray Paint and Kraft Paper.
