

**US NAVY LEAGUE THAILAND SOUTHERN SEABOARD COUNCIL
COMMUNITY SERVICE PROJECT – COMSERV PLANNING SHEET R1**

Project: USS Boxer Phuket COMSERV's # 1 and #2 - Painting at Muang Phuket School

Project Dates: COMSERV #1 - 23 August 2011, 09:00 – 14:00, depart from the port around 09:00
COMSERV #2 - 24 August 2011, 09:00 – 14:00, depart from the port around 09:00

COMSERV Participants and Point of Contacts: USS Boxer, Lt. James P. Williford, LHD4 Chaplin, [willifjp@lhd4.navy.mil], it is estimated to complete this job we will need 20-25 volunteers from the ship each day and there will be volunteers from US Navy League along with other locals.

US Navy League Project Primary Contacts: Jack Hammons [isail2c@yahoo.com], Local Mobile Phone: 086-951-2457 and David Rucker [rucker4012@aol.com], Local Mobile Phone: 087-266-7514 . Contact at the school is Mr. Montree Local Mobile Phone: 086-739-7310

Project Coordinator: Brad Kenny – [esppkt@ksc.th.com], Local Mobile Phone: 081-633 4279

Proposed Project Details and Objectives: The OrBaTor (local elected government official) Mr. Samran Jindapol (Mobile Phone: 089-724 7187) and his primary contact at the school, Mr. Montree (Mobile Phone: 086-739 7310), were originally contacted by US Navy League - Retired Commander David Rucker concerning several COMSERV projects at Muang Phuket School. A previous COMSERVE project painted the gymnasium and they would like to have the school boundary walls / fence painted also.

This COMSERVE project is in cooperation between the USS BOXER and the following Local Organizations.

Navy League of the United States Thailand Southern Seaboard Council

The cement columns and beams are to be painted white as they are now with a little light yellow color on the column heads.

Prep Work to be accomplished the day before the COMSERV will be power washing and / or wire brush cleaning of the cement columns, to be accomplished by local government maintenance personnel and the older children at the school.

This COMSERVE project is in cooperation between the USS BOXER and the following Local Organizations.

Additional Information: COMSERV volunteers will get a free Thai lunch at 13:00 hours made by the school staff and children's parents. The school will also provide some cultural entertainment from the children with some singing and/or Thai Traditional Dancing during lunch. There will also be an opportunity to play some soccer and the children are looking forward to some fun games after lunch.

What to Bring: The weather is hot and muggy this time of the year in Phuket and there is a chance of rain, so plenty of drinking water is needed during the work phase. So if the USS Boxer COMSERVE coordinators can arrange to bring enough drinking water for use during the work period or coordinate with the husbanding agent for such, that is highly recommended. Sun screen will also be needed and we suggest all COMSERV participants also bring their cameras. Bus transport will also need to be coordinated with the USS Boxer SUPPO and the Husbanding agent.

Estimated Budget for this Project: The sponsor for this project will be Glenn Defense Marine who is the Husbanding contractor for the US Navy in Thailand. The US Navy League shall provide ladders, drop cloths and / or tools as needed. The school will provide the lunches and soft drinks.

The following is the expected budget for these 2 COMSERV projects, one each day 23 and 24 August 2011:

Item	Item Description	Size	Qty.	Est. Unit Cost	Total Cost
1	Paint Brush 2 inch	2 inch	10	35	350
2	Paint Brush 4 inch	4 inch	10	49	490
